

PLUG-IN VAPORIZER

SOOTHING NON-MEDICAL EUCALYPTUS,
MENTHOL VAPORS
VAPEURS APAISANT NON MÉDICALE EUCALYPTUS,
MENTHOL

Depending on the room size and ventilation, it may take up to 20 minutes for the vapors to fill the room. Vapor will be stronger the closer the user is to the vaporizer.

DIRECTIONS:

1. Unplug the vaporizer.
2. Tear foil pouch to expose pad.
3. Slide pad into the slot, located just under the grill of the vaporizer.
4. When replacing a used pad, inserting a fresh pad will push out the old one. Use the foil wrapper to handle the new and used pad. Throw the used pad away.
5. Plug the vaporizer UPRIGHT into a functioning 120 volt outlet.
6. Wash your hands after handling the pads.
7. Replace the pad after 8 hours using the instructions above.

CAUTION: Unplug the vaporizer when not in use. Do not leave Vaporizer in outlet for more than 12 hours at a time. After 12 hours, unplug the unit for one hour before using again. Replace refill pad before next use. Do not use the vaporizer without a refill pad inserted. Do not use or apply any other oils to the refill pad when using the vaporizer.

Contains an aromatic blend of ingredients including menthol, camphor and eucalyptus.

Clean the Vaporizer regularly; it is normal for a light layer of oil to collect on the unit. Unplug the unit and wipe it with a clean tissue.

CAUTION: Pad is not to be ingested, DO NOT INDUCE VOMITING. If accidentally ingested contact a doctor or Poison Control Center immediately, regardless if there are no symptoms evident. Contact with exposed pads may cause eye irritation. In case of contact with eyes, flush with plenty of water immediately. Consult a doctor, if eye irritation persists. Do not touch exposed pads to mouth, and skin. In case of contact with mouth or skin wash area with plenty of water immediately Do not use with children under the age of 3 months. Do not use if you are pregnant.

WARNING: PAD MAY PRESENT A CHOKING HAZARD KEEP OUT OF THE REACH OF CHILDREN AND PETS.
